Office Action Summary

Art Unit: 1754

Restriction to one of the following inventions is required under 35 U.S.C. 121:

- I. Claims 1-2, drawn to making graphite, classified in class 423, subclass 448.
- II. Claims 3-7, drawn to a battery, classified in class 429, subclass 231.8.
- III. Claims 8-19, drawn to a laminated battery, classified in class 29, subclass 623.3.

The inventions are distinct, each from the other because of the following reasons:

Inventions I and II at best are related as product and process of use. If so, the inventions can be shown to be distinct if either or both of the following can be shown: (1) the process for using the product as claimed can be practiced with another materially different product or (2) the product as claimed can be used in a materially different process of using that product (MPEP § 806.05(h)). In the instant case the product can be used as a lubricant or heat shield.

Inventions I and III are restricted for the same reason. Inventions II and III require different structure and are not related. Each is separately usable as a battery for a car.

Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, restriction for examination purposes as indicated is proper.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).

Any inquiry concerning this communication should be directed to examiner Hendrickson at telephone number ~~(703) 308-2539~~ 511-212-1351.
